Jordan

Mom, Do you know why the sky is blue?

Mom

Oh...umm...Well honey...God made it that way.

Jordan

Really? I thought it had something to do with oscillating magnetic fields and the blue color vision receptors in our eyes.

Mom

Huh? What? How do you...

Jordan

(Laughing) It's okay mom. I didn't know either until yesterday. It was on Discovery Channel.

Mom

Well, I guess I need to hang out with you more often. You can teach me a thing or two.
