**Kelly**

You don't take me seriously. You don't listen to anything I say.

**Scott**

That's not true. You're my friend.

**Kelly**

God. Friend, the most hateful word in the English language. Why do I have to be everyone's friend? I'm cursed.

**Scott**

Kelly, you are lovely, brilliant and more fun than a roller coaster but you know we can't be anything but friends. I'm way too busy for anything else, and you're way too young.

**Kelly**

You say I'm lovely and smart and fun to hang with. So what if I'm younger than you? Why should it matter?

**Scott**

Because, it does.

**Kelly**

You can come up with all the lame excuses you want, but I know you're crazy about me. And I just want you to know that I'm not giving up. Okay?
